Re: Facility ID # 95-0329  
Permit Number: 966899G

Dear Mr. Sweatt or responsible official:

The Division of Air Pollution Control is completing file reviews in an effort to ensure all permits are not beyond their expiration date. During our review, it has come to our attention that permit number **966899G** is due to expire on **July 1, 2014**.

The renewal deadline is **May 2, 2014**. In order to remain in compliance, the facility would need to have the renewal application postmarked by this date. The renewal application form CN-0730 (APC 100) is located at (<http://www.tn.gov/environment/permits/airoper.shtml>). You now have the option of submitting your application via email to [Air.Pollution.Control@tn.gov](mailto:Air.Pollution.Control@tn.gov). The submittals must be signed and in PDF format.

However, if you prefer to mail your applications, please note that our Nashville office recently moved to

**Tennessee Department of Environment and Conservation  
Division of Air Pollution Control  
15<sup>th</sup> Floor, William R. Snodgrass Tennessee Tower  
312 Rosa L. Parks Avenue  
Nashville, Tennessee 37243**

Please read all of your permit conditions and determine if there are other possible deadlines and record keeping requirements.

Should you have any questions, feel free to contact me at (615) 687-7046 or [Bill.McCabe@tn.gov](mailto:Bill.McCabe@tn.gov). If the application process has already begun, please disregard this letter.

Sincerely,

Bill McCabe  
Environmental Field Office Manager  
Tennessee Division of Air Pollution Control
